

GOV. BLAINE SIGNS NEW DRY LAW

STATE TREASURER AIMS WALLOP AT HEAVY TAXATION

NO NEED TO WORRY OVER APPROPRIATIONS, IS ASSERTION.

PLENTY ON HAND

Charges Extravagance in Using Surplus to Buy Autos.

Madison.—There is little need for worry over the condition of state finances at present, with a balance of \$1,018,553.91 in the general fund, State Treasurer Henry Johnson says in a statement issued Thursday at the close of the fiscal year. He estimates that no added taxation is necessary for the next biennium of the Blaine administration.

The statement shows the fund has \$2,520,119.15 in excess of the amount on hand at this time last year, and \$7,805,789.267 more than on July 1, 1915 when Governor Philipp first took office.

"In connection with this I might state that every warrant received from the secretary of state was paid before the close of the books this year," Treasurer Johnson declares.

Doubts Good Policy.

"It is a question with me whether it is a good policy for the state to take \$11,000,000 out of the people of this time to place to its credit at this time," he continues. "Although the legislature may have made appropriations, it does not follow that it is necessary to expend that amount of money if the economic condition does not warrant this expenditure.

"Perhaps it would be well to practice economy instead of preaching it, but if I were governor of Wisconsin, with the great balance on hand today, in the general fund, I should not worry much about meeting the appropriations made by the legislature."

Curtailment of concrete highway construction and a cutting off of the number of state automobiles purchased for employees suggested by the treasurer as a means to economy and lowered expense that will give the state sufficient funds with which to operate during the next biennium.

Concrete construction costs from \$10,000 to \$15,000 more per mile than it did at the beginning of the war, the state would let no contract for that kind of work," he says. "A contract must be approved by the legislature."

ACT TO FORESTALL TURCO-RED REVOLT

British Raid Constantinople

Hotels and Arrest Alleged Leaders.

Constantinople, Turkey, and Bolsheviks are reported to contemplate a vast uprising here, which would be accompanied by the destruction of public buildings.

Early Wednesday morning allied troops, acting under orders from General Harrington, commander of British forces in Constantinople, marched through the principal streets and raided hotels in search of Bolsheviks.

British soldiers, with fixed bayonets, entered a building occupied by a Bolshevik organization and seized large quantities of arms. Several men alleged to be the principal ring leaders in the reported uprising, were arrested.

Army Reduction Bill Is Signed; Warning Voiced

Washington.—President Harding Thursday signed a bill directing reduction of the regular army to one hundred and fifty thousand men by October 1, but at the same time advised congress that in his opinion legislation might be required to relieve the government of the embarrassment of violating its obligations to enlisted men whose discharge the reduction will make necessary.

May Protest on Sprinkling Cost

Protest against the present method of assessing the cost of sprinkling the downtown business streets of Janesville may be taken at a meeting of the Retail Bureau of the Chamber of Commerce at the Chamber at 4 o'clock Thursday afternoon. Several of the merchants have declared that they favor paying for this service by the city out of its general fund, according to information given out at the Chamber.

Want Ad: Is the Faster Method

Mrs. Cox at 233 Madison street had a house for rent. She ordered an ad-run in the Gazette for three times. About the same time she ordered a sign "House for Rent" before the sign was even completed the Gazette had run the ad one time and was producing inquiries. The house was rented before the sign had a chance to be used.

You, too, will find a Want Ad is more effective than a sign.

Smith Admits Buying a String of Six Autos

(By Associated Press)

Madison.—Prohibition Commissioner W. Stanley Smith today admitted the purchase of six automobiles as noted by Henry Johnson, state treasurer in his financial statement, but declared that the treasurer was party to the allowance of the cars to the department.

"It is true that the commission has purchased six cars," the commissioner said. "It is also true that the matter of economy of administration of the law was submitted to the board of which Mr. Johnson is a member and he signed the order approving the purchase.

"What reason he has for public criticism of his own acts I do not know unless it be to give the moonshiners advance information and thus hamper the work of this department."

Big Hill Purchase May Be Vetoed by Governor

With Other Park Plans

(By Associated Press)

Madison.—Word came from administration quarters Thursday that Governor Blaine intends to veto the three large park bills calling for purchase of northern lakes park, the Delia of the Wisconsin river and Big Hill on Rock river, a cost of \$350,000. He is said to disapprove of the expenditure of public money at this time for anything not a necessity.

During his speech at Albion Wednesday, in which he said taxation would be the issue of the next campaign, the governor is reported to have said he disapproved of levying a tax to work the purchase of purchasing the parks which the legislature authorized.

This is the first word given out that these three important measures would be sent to the scrap heap.

The expressed purpose of the governor is substantiated by Senator Severson, administration leader in the upper house.

PRESIDES OVER HOUSE

Photograph of Representative Alice Robertson of Oklahoma presiding over congress.

For the first time in the history of the American congress a woman has presided over the house of representatives. Miss Alice Robertson of Oklahoma, the only woman in the house this term, has the distinction of being the woman to make the bid of history. She was recently appointed by Speaker Pro Tem Walsh to preside and she occupied the chair for a half hour.

NEW POLICE CHIEF IN TOUR OF CITY

Newman Arrives From Brodhead to Search for House.

Charles Newman, former marshal of Brodhead, arrived in Janesville Thursday, to make arrangements for becoming Janesville's chief of police, July 15 to succeed Chief Thomas McGossy who will resume his old place on the police department.

Mr. Newman, accompanied by his wife, spent practically the entire day in looking for a house in which to live. It is necessary that he establish his residence here by next Tuesday in order to qualify for the police position.

The law requires residence in the state of one year and in the city, 10 days.

Met by Commissioners

Chief-elect and Mrs. Newman were met at the depot by John B. Francis, newest member of the police and city commission, who took them on a "house-hunting" tour of the city throughout the morning. In the afternoon John B. Kennedy, secretary of the police and city commission, accompanied them.

Applaud Rumors Denied

"Newman is going on the job the 15th," said Mr. Kennedy when asked if there were any truth in rumors that he is going to be chief here. "I saw Mr. Newman here last week but to my knowledge the matter was not discussed with him by the commission."

The think for us all to do now is to quit knocking and cooperate with Mr. Newman. We should also cooperate with the new policeman when he takes office.

Auto Thief Gets 2-Year Sentence

Green Bay.—Edward Moss, who entered a plea of guilty to a charge of grand larceny for the theft of an automobile was sentenced to two years in the Green Bay reformatory by Municipal Judge N. J. Monahan.

Edward's two brothers, Albert and Ernest, also charged with grand larceny, pleaded not guilty and their cases were adjourned until July 5. Bond was fixed at \$1,000.

There will be no issue of the Gazette on Monday, July 4th. The holiday will be observed by the Gazette and its employees.

STANDARD OIL CO. OFFICE, NEAR JAIL, ENTERED BY NOVICE

LONE THIEF MAKES BOLD ATTEMPT HALF BLOCK FROM SHERIFF.

TAKES FLASHLIGHT

Passes Up \$2,400 in Safe; Apparently "Green" at Burglary.

Within a half a block of the Rock county jail, a novice at the modern art of burglary gained a little experience but no cash or valuable because he couldn't budge a small iron safe. The Standard Oil company's station on South Main street and St. Lawrence avenue was broken into early Thursday morning by a cumbersome vandal.

A similar attempt was made at this building station four months ago, with the same results.

The thief this time attempted to jimmy open one of the rear windows. He pried deep into the window sill and ledge but the window didn't budge. Then he became angry and "dusted" it. He broke the upper pane of the window, standing on an empty oil barrel. Then he poked his hand through, unlatched the window and crawled into the little office.

Money in Safe

Once inside he turned his attention to the safe. Inside the small safe were about \$1,000 in cash and more than \$1,500 worth of coupons, which are negotiable among stations for motor supplies.

Evidently the intruder was in the kindergarten class of burglary for he attempted to work the combination with only matches for light. A dozen burned match ends were found when the station was opened later in the morning. No attempt was made to blow open the safe, which would have been a comparatively easy job for a skilled cracksmen. Even \$5 worth of books left in plain view in one of the desks were left behind.

Takes Only Flash Light

The only thing missing was a flashlight and apparently that was the only thing the thief got besides discomfiture.

One of the agents was in the station at 1:30 o'clock indicating that the attempted robbery was committed at midnight. Although there is a house a few feet away, no one heard unusual noises or the breaking of the window glass.

Revision of the constitution took up the time of the convention Wednesday afternoon when awaiting the report of the special committee appointed to investigate the Gibson matter. The most important change considered was the consolidation of the posts of adjutant and department finance officer, the new office to be filled by appointment by the department commander.

Price Up One Dollar

The Standard Oil company has about 20 tons a day according to Mr. Atwood and except in extreme weather they can spare several tons. This has been going to help out the demands made upon the ice company.

Dealers everywhere have been noticeably affected by the heat spell. Freeport, Ill., where they make artificial ice, the supply ran out about 10 a. m. last Saturday and the people did not get ice until the company was able to buy some from other cities. Beloit, which uses less ice than Janesville, according to Mr. Atwood, has been selling ice at \$7 per thousand and their supply is more limited than Janesville's.

Harvest Was Short

Less than two-thirds of the crop harvested in 1920. The Rock river was in 1921. Considerable of a surplus remained in the warehouses from 1920 and this has helped considerably although quite an amount was sold to dealers at Madison, Watertown, Waterloo and Slougtown.

Plan to Modify Anglo-Jap Pact

(By Associated Press)

London.—The British cabinet has decided on renewal of the Anglo-Japanese treaty, but the discussion is proceeding on certain modifications that have been suggested. They have special relation to the American attitude toward the treaty and the position of India, the newspaper adds.

DAN CUPID LOSING INTEREST IN MOON O' ROSES AND BRIDES

Chicago.—June marriages are no longer popular here, according to Louis Leeper, marriage license clerk. He estimates that June licenses will total only 5,100, which is 600 less than last June.

MAN DEFEATS 45 WOMEN AT BAKING, WINS DAINTY APRON

Chicago.—Charles F. Champ-

lin, treasurer of a soap factory Thursday was awarded the prize for the best loaf of bread at the Evanston Fair. He defeated 45 women contestants. The loaf was a work of art, daintily embellished with blue ribbons.

BLACKHAND NOTE THREATENS HARM TO OSCAR DIETZ

HARM TO DAUGHTER THREATENED IF MONEY IS NOT PAID.

\$1500 IS DEMANDED

Second Mystery Note Is Received by Janesville Resident.

A black hand letter threatening harm to his daughter was received by Oscar J. Dietz, owner of the Hotel Lucille, Locust and Wall streets, early Thursday morning.

The letter threatening harm to Lucille Dietz, the pretty daughter of the hotel keeper, was found in a sealed envelope under a bottle of milk on the front door steps of the hotel.

The sum of \$1,500 was demanded to be placed in a tin can and left at a spot near the Chicago and North western railroad passenger station. It is the second threatening letter to be received by a Janesville resident in the last two months.

The letter to the Dietz family was addressed to O. J. Dietz. It was signed with a crude black hand signature and warned that the daughter would be kidnapped if it were not obeyed.

The police department refused to discuss the case stating that information on the case was being withheld.

A similar letter was received by a second Janesville man. No trace of the sender was obtained in the previous case, leading people to investigate the case to see if it was the attempt of a lunatic or desperate to frighten the receiver. None of the threatening statements were ever executed or carried out.

SAY CARLOAD OF BOOZE BROUGHT IN

Conspiracy of Eight Men Charged; Three Arrested in Kenosha.

(By Associated Press)

Milwaukee.—More than a carload of whiskey was brought to Truesdale, Wisconsin, county, through a conspiracy among eight men, three of whom were arrested Wednesday, according to reports of the two federal inspectors at Kenosha. The three were: Edward Koesterman, a Kenosha banker; Louis Schreyer, a Kenosha wholesale liquor dealer and Charles E. Schreyer, a Kenosha lawyer.

The indictment charges that on July 29, 1920, they brought 1,200 gallons of whiskey from Kentucky to Truesdale, and that on Aug. 7, they transported 300. On Oct. 30, it is charged, they brought 1,000 gallons from Missouri and a similar offense is said to have been committed Nov. 3.

The men are said to have bought 1,500 gallons Oct. 1, and 1,500 gallons Nov. 1. On Oct. 15, they are alleged to have sold a large quantity of whiskey in Racine, Kenosha and Truesdale. Schreyer is said to have stored a large quantity of whiskey at Truesdale.

THREE MORE ARRESTED

IN KENOSHA COUNTY

Kenosha.—John Jacobson, Hyman Gordon and Peter Galt, three men whose names have long been linked with stories of alleged violation of the liquor laws in Kenosha county, were taken into custody by United States marshals here late Friday a. m. Thursday and hurried to Milwaukee to be arraigned before the federal court. The charges were not made public.

Attorney Walter M. Burke, a prominent attorney of Kenosha, voluntarily went into federal court and asked if any arrangement was to be made of him and that he be made at once.

ONE DAY ONLY

Elevator service in the Jackson building was only discontinued for "Thanksgiving Day" Wednesday afternoon, it is stated by C. S. Jackson and service in the future will not be discontinued Wednesday afternoons.

"KLEATH", A STORY OF THE YUKON BEGINS IN GAZETTE SATURDAY

"Kleath", the new story of the Yukon and its life will be presented in its opening chapters to readers of the Gazette on Saturday.

This serial story is sold at bookstores for \$1.50. It is the fourth serial printed in the Gazette so far this year and if readers of the paper had purchased the fiction, they would have paid \$6.00 or more than the subscriber pays by mail for the Gazette with all its features. During the year the Gazette will print at least ten of the best stories to be had in the market by buying from the publishers and authors, the serial rights. They cost the Gazette a great deal of money. The copyright protection to the author makes it impossible to print any of these serials without purchasing the rights and paying well for them.

"Kleath" is a stirring story of real life in the days when there was adventure in the Yukon and Dawson was the great metropolis of the world of gold.

MORE EVIDENCE NEEDED TO STOP BIG RING FIGHT

FACTS SO FAR SHOWN NOT SUFFICIENT, SAYS PROSECUTOR.

CHARGE VIOLATION

Plans to Crack State Law Alleged in Complaint Before Grand Jury.

(By Associated Press)

Jersey City.—Governor, Edwards Thursday told the Associated Press that unless more facts were presented to him by the International Reform bureau he would not recommend to the Hudson county grand jury Friday that it return an indictment sought to block the Dempsey-Carpentier bout here Saturday.

Representatives of the bureau and the Clergymen's Community club of Jersey City, after having failed in three attempts to get an injunction staying the match, Wednesday appeared before the prosecutor and laid before him the facts which they claimed tended to show Promoter Tex Rickard and the principals were planning criminal violation of state law by staging a prize fight instead of a boxing match. Mr. Garven Thursday said:

"I will present all the facts which are now in my possession regarding a violation of the law on the part of the principals and the promoter. If no further facts are presented to me other than those now in my possession, I will not recommend to the grand jury an indictment in this matter."

REVISED MINIMUM WAGE ANNOUNCED

Schedules for Women and Minor Employees Made Public in Madison.

Madison.—Revised minimum wage schedules for women and minor employees were made public Thursday by the industrial commission. Increase is given some classes of labor, with the hope of work remaining without alteration, the report, arrived at after months of study, shows.

Raise in the minimum wage of women employees and minor employees is granted, bringing the scale from 22 cents to 25 cents an hour, in cities with a population over 5,000. No change is made in cities of under 5,000, a recognition for the first time that there is a difference between the living wage in a small country community and in larger cities.

Reduction is made in the beginning rate of pay for the first three months from 18 cents to 15 cents per hour. No change is made in the present rate of 20 cents per hour for the second three months of employment in any industry, and similarly no change is made in the present provision of a six months learning period.

For minor employees between 14 and 16 years of age, the new rate is 15 cents an hour, during the first year of employment and 20 cents an hour during the second year, instead of the existing rate of 16 cents. Minors between 16 and 17 may be paid 16 cents per hour during the first six months in any industry and must be paid 20 cents thereafter.

Another change provides that if the piece rates in any establishment yield the minimum wage to 75 per cent of the experienced employees, they will not be required to make up the deficits in the earnings of inefficient employees, as heretofore.

The commission found the present hours of labor are not injurious to the health of women and minor employees. It announces, however, that it will continue to make investigations in various industries to determine whether present regulations are satisfactory or injurious to the health of women employees.

Can't Speed Up Congress, Word of Old Timer

Washington.—The question of speeding up work in congress and greater participation in the activities of the house by new members was discussed at a conference last night of about 60 representatives who are serving their first term.

The meeting was called because of complaints that congress has not achieved what it should and was considered as a semi-private on the part of the new members.

Representative Mondell, Wyoming, republican leader, told them there was no excuse to be uneasy. He realized there was a feeling in the country that congress was delaying actions on important legislation, but declared congress had done all it could.

STATE TREASURER ON STATE FINANCE
(Continued from Page 1)

proved by the governor before they let it be under his control to say how much money shall be expended.

Criticism Dry Boss.
"It has come to the point where almost every person who is traveling for the state must have an automobile. We have bought more automobiles this year than ever before."

"There is an instance which has not appeared to me very strongly. The prohibition commissioner had in his unexpended appropriation some \$8,000 which, at the end of the fiscal year, would be turned into the general fund. Instead of allowing this to be done, the commissioner called the emergency board and requested that the privilege be granted to purchase six automobiles for his department."

"This was done to avoid taking the money out of the new appropriation, although the new bill had not become a law. Such a step does not show economy, although I am not in a position to criticize much, as I am a member of the emergency board."

"The claim is made that the first bill, which I believe had some good feature in it, would raise \$8,000,000. It is merely shifting the taxes, as the people must pay. We talk about meeting the federal state aid of \$7,000,000. Everybody knows federal state aid or state aid in itself is only what is known as a pork barrel proposition. The money must come from the people."

TAX COMMISSION TAKES UP CUDGELS IN DEFENSE
UP ASSASSIN'S MURDER

Madison.—Responsibility for high taxes does not rest on the state government, the tax commission points out in an official bulletin Thursday. Figures are presented to show that the direct cost of governmental operation to the people is but \$222,462 annually.

Issue is taken with public officials who employ who have declared the state was lavishing money at the expense of the taxpayer.

"This course may be natural on the part of local officials," but, it could hardly be called frank or courageous," the statement says.

The aggregate taxes collected from the people of the state for all purposes for the fiscal year ending June 30, 1920, was \$76,699,200, of which the state received only \$7,756,887 according to the tax commission.

Over 97 per cent of this \$7,756,887 was then returned by the state to the counties in the form of school and highway aid, and for the support of charitable and penal institutions, leaving but \$222,462 for operation of the state government.

"Of course it costs more than that figure to support the state government," the statement says, "but additional revenue was derived from taxes on railroads, express, telephone and other public service companies."

BOARD OF REVIEW ADJOURNS MONTH
July 26 has been set as the date for the next meeting of the city board of review. The board met this week merely to comply with the law, adjournment having been taken immediately after the roll-call. Another adjournment is expected July 26 as City Assessor Frank L. Smith does not hope to complete the big job of assessing the entire city before August.

Sheriff Hunts Hills for Escaped Prisoner
La Crosse.—James A. White, sheriff of Michigan City, Ind., is searching the hills between Winona and La Crosse, Minn., for J. G. Conkling, a prisoner with a handcuff on one wrist, who escaped from him by jumping from a southbound Milwaukee road train.

MISS HANSEN GOES TO SECOND PLACE IN BIG CONTEST

MISS MARIE HANSEN

Miss Marie Hansen, 406 East Milwaukee street, went from seventh to second place in the Lake Superior contest for young women Wednesday night according to unofficial announcement. Miss Hazel Palmer retains first place by several hundred votes plurality. The contest closes Saturday.

Miss Hansen is employed in Anderson Bros. store. Her campaign, being directed by Henry Solomon, who has been among the leaders in the contest from the start.

Ten free vote awards will be made in both the young women's and boys' events, ranging from 1,000 to 100 votes, based on the net gains made since the first count of votes.

MISS HAZEL PALMER

up to Thursday night. Competition for the free vote is keen. Thursday will be the biggest night of the contest with the exception of the closing night, Saturday.

The Coon Exchange was packed again Wednesday evening with hundreds watching the free performances and patronizing the concessions. Polls in the contests will close at 10 p. m. Saturday. Immediately after the final count will be made, the winners determined and the prizes awarded.

The names of Angella Rittenhouse was omitted from the list of baby candidates published Wednesday. Baby Rittenhouse has 1,322 votes and is strong in the running.

MONROE YOUTH FACES STATE BOOZE CHARGE

Monroe.—Erwin McCue, 22, this county, was bound over for trial and released on bonds of \$500 furnished by his father at the preliminary examination Wednesday for violation of the prohibition laws. McCue, it is alleged, left a package containing several bottles of moonshine several weeks ago in the railroad station at Brownstown, where it was seized and brought to Monroe. A warrant was secured by Under-sheriff A. E. Mitchell, but a deputy sheriff for some unaccountable reason refused to arrest him and McCue got away, but later gave himself up.

NOTICE OF ANNUAL MEETING OF AMERICAN MOTOR INSURANCE COMPANY, MUTUAL OF JANESVILLE, ROCK COUNTY, WISCONSIN.

POST OFFICE HERE STILL CONGESTED

Federal Inspector Finds Building too Small for Big Business.

Annual inspection of the Janesville post office building by Major Washington Haverstick, Waukesha, U. S. District building inspector, shows it is badly congested despite moving of the parcel post and rural carriers to the basement.

Major Haverstick reports the condition of the building as good. He will recommend the installation of a new lighting system at a probable cost of \$800 to replace the present one which is not only obsolete but inadequate. He will also recommend that the driveway in the rear be changed to alleviate the present condition of traffic.

Many Offices Inadequate.
Major Haverstick inspects government buildings throughout Wisconsin, Indiana, Ohio and Kentucky. He states that 75 per cent of the post office buildings in this territory have become too small to handle the volume of business which is constantly increasing. Until congress sees fit to appropriate the necessary funds to make extensions these congested conditions will continue to exist, Major Haverstick stated, although some remedies are used. At present a mezzanine floor has been built. The Janesville building is still overcrowded.

Are Saving Ink.
The inspector said he does not know whether the government will ever stop the sending of pens from the post offices but said it has overcome the ink throwing by the Sing Sing ink wells which have been installed in a large number of federal buildings. Janesville has not received them. These are designed to limit the amount of ink to just enough for writing.

The public is inclined to be destructive of government buildings but not as largely as in former years. Federal buildings are representative of the nation and patriotic citizens should respect them," Major Haverstick said.

LANCASTER JULY 11
On account of the regular meeting night falling on July 4, the next meeting of the Lancaster club will not be held until July 11. It is announced by Secretary Reno Koch.

TAKEN TO HOSPITAL
Taken suddenly ill at her home, 207 Pleasant street, Thursday morning, Mrs. George Vidette was rushed to Mercy hospital in the police ambulance for an operation.

Grantsburg—Ann, 2 year old daughter of Albert Wieman, was drowned in Wood river. It is believed she fell in while playing on the bank.

FIFTEEN MORE SHERIDANS ARRIVED IN JANESVILLE YESTERDAY

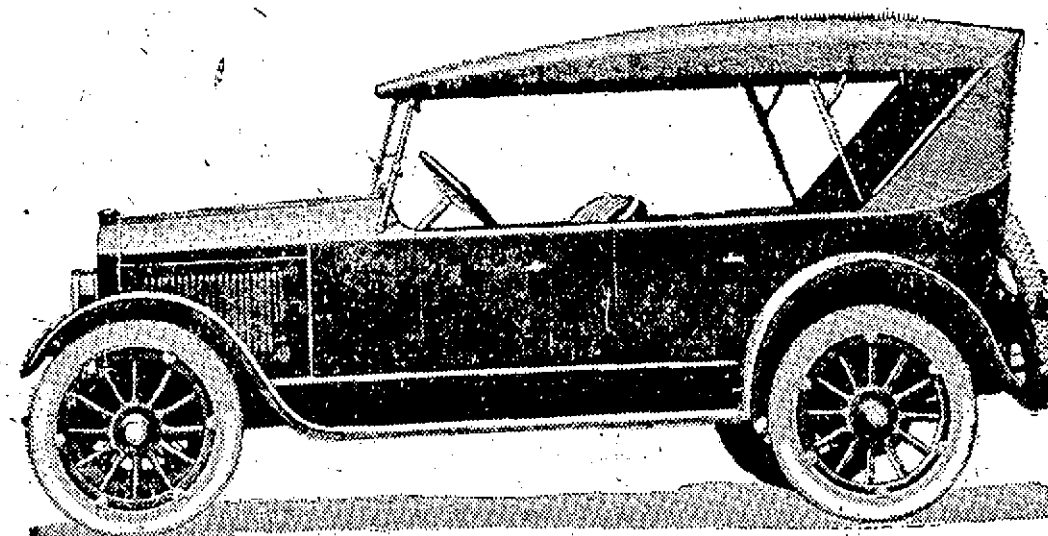

Latest Unit of Gen. Motors.

"THE CAR COMPLETE"
\$1485.00

Six Reasons Why Residents of Janesville are Purchasing The Sheridan

- 1—Beauty—The attractive finish and sweeping lines are not excelled by any other car in the city. The trimming is unequalled.
- 2—Stability—The car is sound mechanically, all the perfect units developed out of years of motor car experience are condensed in this car of character. The questionable units have been omitted.
- 3—Comfort—The long underslung semi-elliptic springs insure comfortable riding. Nine inch Marshall type spring use in the snug fitting cushion throughout, renders a parlor car effect.
- 4—Power—You will find a smooth, velvety motor, that will glide you up the steepest hill in the city with seemingly no effort. You may drive many thousand miles and you will find this faithful motor still percolating as when it started.
- 5—Service—Competent men are at your service when desired to render courteous and efficient assistance. No attitude of indifference will be shown by any one connected with the sale or service of Sheridan Cars. More Repair Parts (in case you need any) are on hand in Janesville for the Sheridan than any other car sold in the city. Let us explain this valuable situation.
- 6—Price—That's what's causing the big excitement. We have Beauty, Stability, Comfort, Power and unlimited service all for a price that's stunning.

A demonstration will convince you of the six qualities mentioned above, together with the completeness of equipment.

THE SOCIAL CHRONICLE

SOCIAL EVENTS

FRIDAY, JULY 1

Afternoon
Luncheon and game at Country club.
Circle One—M. E. church—Mrs. Charles Kay.

Allen-Sively Wedding—The marriage of Miss Miriam Allen, daughter of Mr. and Mrs. Herbert Valentine Allen of this city and William John Sively, son of Mr. and Mrs. John T. Sively, Johnson, Pa., took place at the Trinity Episcopal church Wednesday at half past eight o'clock. Rev. Henry Williamson performed the ceremony.

The bride was given away by her father, Mrs. Charles Breilinger, a sister of the bride, was the matron of honor and Miss Frances Kirkman was maid of honor. Miss Hilda Woolf and Miss Evelyn Kavelage were bridesmaids and little Jane Breilinger was flower girl. The groom's best man was his brother, Hugh Sively. The ushers were Tracy Allen, a brother of the bride, and George Kavelage of this city and Russell Fuller of Chicago.

The bride party entered the church, Mrs. Mary Doty played the Lohengrin wedding march and after the ceremony was completed, the bride and groom were escorted to the parlor. Between the betrothal and the marriage service, 20 of the bride's young friends sang the Bridal hymn. The church was handsomely decorated with daisies and the altar was made beautiful with flowers in the rainbow colors, surrounded with lighted tapers.

The bride wore the wedding dress and veil that her mother and also her sister, Mrs. Charles Breilinger, wore at the time of their marriages. It will be kept for future wear, to carry out the sentiment of "well as fastened with a band of pearls and she carried an arm bouquet of Easter lilies. The matron of honor was gown in blue organdy and the maid of honor in pink organdy. Other women wore hats to match and carried large colonial bouquets of mixed flowers. Miss Hilda Woolf wore lavender organdy and Miss Evelyn Kavelage wore pink organdy.

The bride and groom, escorted by their arms, garlands of smiles and roses. The little flower girl was dressed in white organdy and wore a wreath of lilies. A reception, held at the home of the bride's parents, 202 Jackson street, followed the ceremony. The home was decorated with large floor baskets of lilies and bouquets of mixed flowers tied with a blue tulle bow surrounded with blue candles made the table and dining room beautiful. A tray lunch was served to the guests.

Have Weekly Game—The weekly bridge game at the Country club was played there Thursday afternoon. Mrs. Sue Wilcox had charge for the afternoon.

Mr. Merrick Hostess—Mrs. Earl Merrick entertained a young women's bridge club Wednesday evening at her home on South Main street. Refreshments were served. This club meets each week.

Will Plan Social—The Young People's Society of the St. John's church will meet Thursday evening in the church parlors on North Bluff street and make plans for a social after the usual business meeting.

PERSONALS

Mr. and Mrs. Frank Zinzow and children, Lucile and Adolbert, Chicago, are spending a week at the home of Henry Kelm, route 4.

Miss Kelm, who is spending several weeks at the home of Mr. and Mrs. Earl Kelm, Richmond, is spending the week.

Mr. and Mrs. George W. Heyer, announced the arrival of a 7 1/2 pound son, born June 26 at Mercy hospital. He will be called Donald Robert.

Mr. and Mrs. Roy Worthington and daughter, Betty, 214 Cherry street, moved to Milwaukee Thursday and spent the day.

Miss Marie Anderson, Evanston, Ill., who has been visiting her grandparents, Mr. and Mrs. Frank Block, Court street, has returned to Chicago, where she will spend a few days at the Lorelei cottage visiting Mr. and Mrs. W. V. Wheelock and daughter.

Rachmond Fulton and Clarence Hager spent Thursday in Dela-Ware. Miss Loreta Kelly, 341 Eastern avenue, spent Wednesday in Delaware.

George Schleimer, 607 Chestnut street, has returned from Tomah, where he visited relatives.

Miss Margaret Hemming, 215 Holmes street, is spending the week at the charming cottage, "Rest Haven," at Lake Koshkonong.

Charles Bick, 302 South Garfield avenue, has returned from Green Bay, where he spent several weeks.

Mr. and Mrs. P. Keller and Miss Marie Keller, Kewanee, Ill., are visiting at the home of Mr. and Mrs. John Q. Timmons, 221 North Jackson street. They are on their way to Baraboo, where they will visit at Mr. Keller's old home.

Mrs. George Turner and son Robert, who was recently born at Mercy hospital, are at the home of her father, Doctor S. B. Buckmaster, 309 South Bluff street, where they will visit before returning to Chicago.

STAND OF U. S. MAY BALK RAIL STRIKE

Wage Board's New Announcement Expected to Have Big Effect.

Refusal of the United States Railroad Labor board to grant further wage reductions to the railroads other than those amounting to \$100,000,000 which go into effect July 1 is taken, according to press dispatches, to mean that the threat of a "rail strike" July 1 will lose its effect. At the same time, other reports are heard of union men rejecting the acceptance of the pay slash, the latest being 200 carmen at the Joliet shops of the Elgin, Joliet & Eastern railway.

The Chicago, Milwaukee & St. Paul railway has issued a new map folder of North and South Dakota featuring the agricultural resources of those states. The pamphlet is designed to attract settlers.

Construction of a new railroad through the Cumberland mountains from Knoxville, Ky., to Williamson, W. Va., to open a more direct route to the seaboard for Kentucky coal is planned.

Three months' trial of week-day service on Sundays on the Burlington branches ends July 1. The public petition for continuation. The trial was an experiment instituted by the traveling public against the roads wishes. It is said to have been a success both to the roads and the public.

Farmers Lose on Many Crops Figures Show

What are farmers going to do when threshing time comes?

Farmers are asking that question and threshermen are answering it by pointing to figures just compiled to show that they have been operating at a loss on four of the ten crops which they thresh.

Lynn Clark, secretary of the Wisconsin Brotherhood of Threshermen, has secured complete records of incomes received and expenses incurred by typical Wisconsin threshermen. These summaries were placed in the hands of J. A. Becker, federal crop statistician, who has analyzed them and disclosed a surprising state of conditions affecting at least a portion of the threshing industry of Wisconsin.

As a result of the compilation made by Mr. Becker, Mr. Clark reports that the best showing made by the thresh-

men, whose records were examined, was in the threshing of oats, on which they profited one and one-third cents a bushel. Excluding oats the threshermen got about an even break. Spring wheat figures showed that over four cents was lost on every bushel threshed. These threshermen also lost money on rye, timothy and flax. Clover hulling made a good showing in 1920 but according to Wisconsin and Illinois threshermen last season was the first for five years which enabled them to make a profit on this crop.

Threshermen, according to Mr. Clark, need not fear investigation provided those who investigate deal-

ers, community outfit owners and farmers alike, keep their attention in hand and only look at the facts.

Michigan Legislature Meets to Act on Bonus

Lansing—The Michigan legislature met Thursday in special session to reenact a soldier bonus enabling act. At the previous session the legislature had neglected to exempt the \$20,000,000 bond issue from taxation and the oversight hampered sale of the securities, resulting in delay in payment of the bonus.

1,124 PUPILS HAVE DEFECTIVE TEETH

Nurse Examines 2,392 Children Much Accomplished in First Year.

Nearly 50 percent of Janesville's school children were found to have defective teeth in examinations conducted by Miss Alice Glenn in her first year as dental nurse in the city schools here. Her report for the school year shows examinations of 2,392 children.

Miss Glenn will leave the city Friday for a month's vacation. She will spend several days in Milwaukee and spend the balance of her leave at her home in Chilton, Wis. She expects to return in August to do follow-up work and prepare for the next school year.

Unusual progress was made under direction of Miss Glenn during the year in getting children to good dental habits. The milk drinking campaign was a great success.

437 Reports on Tonsils.

Of the 2,392 children examined, Miss Glenn reports she found 1,124 with defective teeth and 437 with tonsil trouble. Of these, 48 had tonsils in bad condition, 34 with nasal obstruction, 34 with skin trouble, 26 with defective speech, 33 with enlarged tonsils, 3 with enlarged tonsils and 3 with poor hearing. She lists 57 in poor health because of tonsil trouble. Notices were sent to parents in each case.

"The nutrition," Miss Glenn reports, "while it does not seem serious, is one of the most critical in dealing with children's health. A child may be fed sufficient for a person, but if the food is not properly digested, the child gets too much of one kind of food when he needs another kind. The answer to this problem seems to be milk."

Many Gain Weight.

Milk lunches were given to the children every day during the semester and Miss Glenn notes the change in the health of the children. She states that a great majority have gained, and many who were below normal in weight have gained and are now up to the average. The teachers have also noted the change. It was stated: They noticed that the children were not so tired after recess and were in better condition at the end of the school year than they have been in former years.

The notices sent to the parents seemed to be effective, also. Of those children whose parents received notices of the child's poor teeth, 25 were corrected, while 5 of those with defective tonsils were either removed or corrected in some other way and 82 who had poor vision, were fitted with glasses.

Health Crusade Effective.

A resume of the work done during the last semester of the school year, from February to June by Miss Glenn, shows that many steps have been taken to insure the child's health and bring the school health standards up to where they should be. A Health Crusade Tournament was started in all these schools and the competition between the school children made the forming of health-insuring habits interesting to them all. By doing at least 34 chores, the child acquired a taste of good, square, knight and knight, according to the number done. The chores were ordinary health chores that every person should be in the habit of doing, such as washing hands before eating, brushing the teeth twice a day, sleeping with the windows open, eating wholesome food, etc., making 11 chores in all.

At a school, the St. Mary's Parochial stands at the head of the list with the Adams coming second, the Jefferson third and the others in order as follows: St. John's, St. Paul's, St. Joseph's, St. Anthony's, St. Patrick's, St. Peter's, St. James' and St. Michael's.

Orfordville

[By Gazette Correspondent.]

Orfordville—Dr. S. W. Forbush, who has been spending the past year in New York City arrived home on Wednesday, having been called by the illness of his only son, Fred, who underwent an operation for appendicitis at Mercy hospital. Fred is reported as doing well.—Bertha Skattered is spending a few weeks with relatives in Chicago. She returned by way of the Yellowstone park.—Victor Noonan is acting as carrier for the Gazette during the illness of Floyd Forbush.—Mrs. E. L. Taylor and her mother, Mrs. E. F. Forbush, came down from Brodhead on Wednesday and attended the meeting of the Woman's Foreign Missionary society at the Methodist church.—The Kenosha St. Pauls Post will hold their regular meeting on Wednesday evening, July 6. All members are urged to be present.—The Board of Review for the village of Orfordville will meet at the village hall in July to review the assessment roll and transact other business.

B. Van Houter,

120 N. High St.

The Resting Place Between the Farm and the Grave.

CORN MORE THAN SEVEN FEET HIGH

Corn that is 80 inches tall, and with tassels, grown on the farm of Henry Teubert, route 1, Janesville, was brought to the Gazette office Thursday. There are 40 ears of Golden Glen corn of about the same height on the Teubert farm.

The field was planted on May 16 and like other corn in Rock county, it is growing rapidly because of ideal corn weather conditions.

The sample shown is the tallest reported in Rock county or adjoining district. The stalk was cut on Wednesday evening.

Congregational Church Picnic Great Success

There was cheering when the Congregational church members left the picnic grounds at Charley Buff Wednesday afternoon. The success of the picnic pleased the 500 members and friends who attended.

There were various refreshments, including corn, cream, fruit, and other delicacies. The picnic was a great success and the members of the church were very happy.

Other Sport Events.

Edward Fisher, Allen Capelle and Philip Garst were winners in the blind cricket race for boys. Ruth Hughes won the cracker eating contest and Raymond Tyson the boys' newspaper contest and race.

The whistling contest provoked considerable cheering and was won by Mrs. Monroes. In the novel peanut race the team winning was composed of Ruth Hughes, Grace Drummond, Ann Palmer, Cecile Dretschel, Martin Lee. The three-legged race for boys was won by Trvon Detchin and Raymond Tyson. Mrs. Drummond won the nail driving contest. Emily Sheldon won a girl's race. Margaret Spoon won the 50 yard dash for girls.

CORRECTION

In J. P. Fitch's ad in last evening's paper, the item, "2 large bunches of Pincrackers, 25c," should have read, "2 large bunches of Pincrackers, 50c," and so this correction is made.

WAR VETERANS WILL STUDY BEE CULTURE

Green Bay.—Arrangements for placing former service men on Brown county farms to study bee raising have been completed by W. S. Newbury, district agricultural officer of the federal board of vocational education. The positions are being snapped up readily. It is expected at least 25 war veterans will study this employment.

CONDENSED MILK AGAIN IN DEMAND

Producers Glad Slump Is Ending—Big Meeting, Friday.

Resolutions against the establishing of a two penny milk can in the Chicago market were adopted by the Chicago Milk Producers' Association at a meeting of the Rock county milk producers' association in Avalon, Friday afternoon. Other important resolutions are to be considered.

R. K. Overton, president of the association, will preside. W. J. Kuhn, general manager of the Chicago Market company, will make the main address.

Selling Made Milk.

Statements made by milk marketing experts indicate there is an increased demand for condensed milk. Immense amounts of American canned milk are being bought by Germany. This is expected to materially relieve the critical condensed milk situation which threatened to wipe out the business shortly after the close of the war.

During the hostilities millions of pounds of milk were canned because of the abnormal demand for condensed milk for the fighting forces. Hundreds of new condenseries started up, but the war demand would not permit.

Expect Over 500

Signing of the armistice brought a climax to condenseries for about \$242,000 worth of canned milk was in storage and without an adequate demand, the foreign demand is now increasing, especially in Germany. Orders in other European nations have been curtailed through the inability to pay cash or establish satisfactory credits.

VOICE OF THE PEOPLE

Editor Gazette:

I think from your editorial last night that you are of the opinion that the fight at Jersey City is a brutal thing and has nothing to do with boxing. In the time of the war there was a lot of boxing and no prize fights in camps. What's the matter with the one on Saturday being a boxing match. I have the first fight went out of style a long time ago. I for one am sure the fight as we call it will be a splendid exhibition of the manly art of self defense. And the audience will be made up of the best people in the country too.

LOVER OF BOXING.

Editor Gazette:

I understand that we are not to have a gymnasium at the new high school. Is that so? How can the council or the school board think of such a thing as taking a gym out of the school? I would like to have them show me a school of modern construction in the last ten years that has not provided for the physical training of a little at least so much as would make straighter boys and less hollow chested girls than we get from having them hump over books all day. If we have to get a school, a little at a time I think we had better get it that way than to leave out what must be one of the highest considerations in making a perfect school place.

Tags Show Cars. Needing Repairs

"Light for grain." Small tags tacked to the sides of more and more box cars are seen daily on the freight trains passing through Janesville. Cars of all roads are affected.

Reports just issued show that 13 per cent, or about 210,000 cars, need overhauling, four per cent of which are badly in need of repairs.

The answer of the roads is that they have not the capital to make the repairs. Many of the "unfit" cars have not seen the shops since before federal control.

At the shops of the Chicago & Northwestern at South Janesville 135 cars are idle, awaiting repairs. It was said there Wednesday that it is expected the shops which are shut up again shortly after July 1, when the wage cut goes into effect.

Jack to Try for Quick Knockout--Carp Confident

"A FINISH FIGHT" BEFORE THE 12TH IS CHAMP'S WISH

New York.—Jack Dempsey and Georges Carpentier will meet in an eighteen foot ring which will be installed Thursday in the Jersey City arena. This is the minimum sized fighting area permitted under the contract signed by the boxers. The maximum was 24 feet and sportsmen expected to see a Frenchman would argue for a platform that would give him more opportunity for the skillful footwork for which he is noted. The fact that no official interest has come from the Carpentier camp has given ground for rumors that the challenger intends to box Dempsey to the death.

Confusion arose Wednesday night over the size ring because of the fact that, although it will measure 18 feet from rope to rope there will be an overhang of a foot or so to prevent the boxers being hurt from the stage.

Atlantic City.—Jack Dempsey wants his contest with Georges Carpentier to end decisively. He has the mind of a champion. He has the floor of the ring. If possible, before the 12 rounds have been fought out at Boyle's thirty acres in Jersey City Saturday.

He would like to see the heavy champion to declare himself Thursday when he said he did not want a towel. He has an acknowledgment of defeat. A championship, he said, would be allowed to go to a knockout without regard to the battered or hopeless condition of either contestant. Dempsey also is opposed to having a contest stopped by the referee.

"He won't stop it," Dempsey said. "The best way to stop a fight is to suit everybody is to knock the other man out." Dempsey said, "then there is no chance for argument. I don't want Carpentier's men to throw in a towel. I know when it comes my turn to take it they are not going to throw in any towel for me. I will keep on fighting until I am counted out."

"Nobody is likely to let him count out. If a fighter gets counted out, it's a fighter gets counted out, and doesn't put over the winning punch when his opponent is dazed and wobbling, he might get knocked out himself by a wild, desperate swing. Such things have happened."

Will Welch 100
With ten long weeks of training behind him, Dempsey Thursday is through with hard work until he defends his championship Saturday afternoon.

The champion completed his training Wednesday but he will loosen up his muscles on the punching bags Thursday afternoon and again Friday. He is expected to leave for Jersey City. He expects to bring his weight to 190 pounds, the figure he plans to scale at ring time. He weighed 185 pounds before his final workout Wednesday.

Split Away Friday
Manager Jack Kearns said the champion and his party would leave here Friday afternoon but he may here Friday afternoon and leave Thursday morning and have the camp attaches follow by a later train. Dempsey will be kept in seclusion at a private residence in Jersey City until time to go to the arena.

Dempsey's final workout was staged in public in the open air arena instead of the airplane shed where he worked in private for the two previous days. The champion worked for about 15 minutes.

He displayed enough to convince experts that he had plenty of reserve power and plenty of speed. His boxing on his toes all the time and his foot work was impressive.

FABER RIGHT, SOX NOT; CUBS SHORT ON HITS; BREWERS SPLIT TWO
Five homers in major; seven in association.

AMERICAN LEAGUE
Red Faber made the Browns go 10 innings to win but he had no support from his mates. The White Sox lost to St. Louis thereby, 4 to 3. Williams scored a homer.

Base Ruth clinched the Sox, 25 Wednesday. Peckinpaugh, hit a homer in the 10th with one to win the second game for the Yanks from Boston, 8-5. In the first, "Red" Sox got a four-run homer with one on, and the Indians were humiliated, 9-5.

Philadelphia battled Zachary hard while Harris held Washington in hand, the Mackmen winning, 5-1.

NATIONAL LEAGUE
Inability to get the hits when needed defeated the Cubs Wednesday, 1 to 1, the Pirates taking the lead end of the score and the series of an increase before next week. New York got only four hits off Coughlin and Boston took the first of the series, 3 to 2.

Philadelphia got only two runs Wednesday off Mullins, those made on Lee's homer, and Brooklyn won handily, 9-2. Brueger's tiger was split by a foul tip. Rawlings was hit.

AMERICAN ASSOCIATION
In a twin bill at St. Paul the Brewers split with the Apostles, Milwaukee lost the first, 15 to 2, but won the second, 9 to 5 in 10 frames. Boone and Armstrong got homers. Candler's Millers took both ends of a double header from Kansas City, 5-2 and 5-4. White Sox got a home run of the season. Brief, Foster, Paskert and Mayer also got homers.

The Mudhens and Indians split the double entertainment, 5-1 and 5-4.

In the second game of a double header between Louisville and Columbus, 14 players walked, but the Colonels took both ends, 5-2, 14-5. Kirtke got a homer.

AFRICAN NET STAR TO MEET TILDEN
(BY ASSOCIATED PRESS.)
Wimbledon.—G. T. C. Norton, the South African tennis star, Thursday won the right to meet the world champion of Philadelphia, the world's singles champion, in the challenge round of the men's singles in the British turf court tennis championship by defeating Manuel Alonso, singles champion of Spain.

BIG SPORTS MEET OPENS IN CHICAGO
Chicago.—What is expected to be the biggest athletic meet ever held in America was scheduled to start here Thursday under the auspices of the North American Gymnastic Union which is holding its thirty-second national gymnastic and athletic tournament. About seven thousand athletes from all parts of the country are expected to compete for national honors. The tournament will close Saturday.

What may turn out to be the final games for some weeks, if not for the season, of the Janesville Tractors here are booked for Saturday and Sunday when the Kansas City Monarchs appear at the fair grounds on Saturday and the Pacific Rubbers return on Sunday.

Fast Games to Mark Week-End

Saturday's contest will be with the leaders of the Negro national league, the Kansas City Monarchs, who are ahead of the All-American Colored Giants which is Rube Foster's crack aggregation.

Tractors Take It Easy Blanking Nash Club, 5-0

Five hundred fans took a half holiday Wednesday to attend the baseball game for the Janesville Tractors. They had the experience of seeing the local players have almost a holiday in applying a slick coat of whitewash to the Nash club, 5 to 0, with "Smiling Rusty" Lathrop permitting the visitors only five extremely scattered hits.

The Nash outfit developed motor trouble from the first ball pitched. Twilley Murphy experienced so much cylinder agony that he was ordered to the showers in the initial stanza after Crook singled and came home from first on a pretty double to left center by Brokaw.

FIGHTERS TO USE EIGHT OUNCE GLOVES; RING IS ENLARGED

New York.—Eight ounce gloves will be the weapons used by Dempsey and Carpentier in their match for the championship Saturday. Tex Rickard, promoter, said the eight ounce units were more favorable to the New Jersey boxing commission than those of the six ounce variety. Managers of both fighters, inspected the gloves and pronounced them satisfactory.

State Legion Backs Georges

Earl Chaire, Wis.—The state convention of the American Legion voted to send a message to Georges Carpentier, wishing him success in his bout July 2 with Jack Dempsey.

165 OF 225 PICK DEMPSEY TO WIN

New York.—Jack Dempsey ruled the favorite among 165 sportsmen out of 225 interviewed as to the probable outcome of his match with Georges Carpentier at Jersey City Saturday. Fifty-eight predicted that the French challenger would win the world heavyweight championship belt, while a few said they expected the bout to be about even.

Few Bets Here; Jack Favorite

If betting has anything to do with it, Dempsey is going to have the title belt around his waist Saturday evening so far the outlook is in Janesville. Carpentier money is scarce as hen's teeth in this Southern Wisconsin town where the majority of the fans believe in no one but the local Tractors.

VARIED REASONS GIVEN BY EXPERTS FOR HEAVY HITTING

Chicago.—Here are reasons advanced by some of baseball's leaders in explaining the increased long distance hitting.

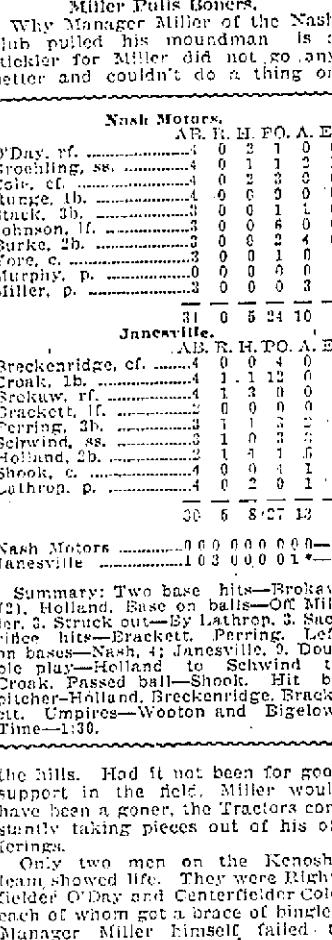

MANY DIGNITARIES AT CHAMPIONSHIP SCRAP

New York.—When Jack Dempsey and Georges Carpentier face each other for the world's heavyweight boxing championship in Jersey City Saturday afternoon there will be present a greater assembly of national and international dignitaries than ever before attended a pugilistic contest in the history of the sport.

Dartmouth Wins Title at College Golf Meet

Greenwich, Conn.—Dartmouth University won the team championship of the Intercollegiate Golf Association Wednesday when it defeated Princeton by a score of 1273 strokes for the 72 holes played.

LEONARD IN FAST WORK FOR FREEDMAN

Chicago.—Denny Leonard, lightweight champion, plans to make Thursday the most strenuous of his period of training for the bout next Monday at Canton Harbor with Sailor Freedman.

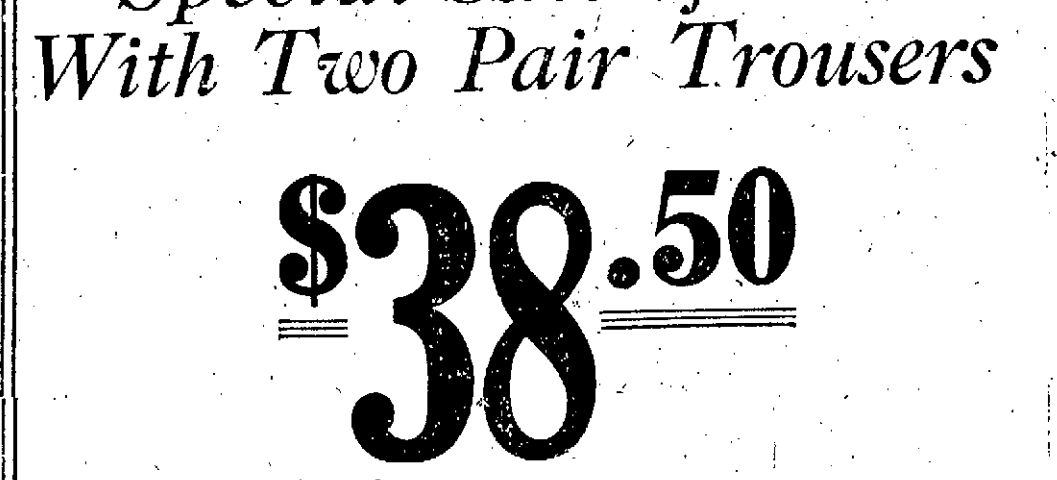

Dempsey Changed His Name to Jack in Hope of Fame

New York.—William Harrison Dempsey, the man by which the world's heavyweight champion was christened, was born 24 years ago in Montrose, Colo. The prefix "Jack" was assumed by the big fellow when he began boxing to make a name for himself and had nothing to do with the original Jack Dempsey, Brooklyn's famous "Nipper" who possessed as the middleweight title holder might revert to him.
